

CERTIFICATE OF CONFORMITY & QUALITY TEST REPORT

Issued by: Apex Fire Safety Equipment Mfg. Ltd.
Compliance Standard: ISO 7165 / IS 15683 Standards

1. Product Identification

Product Name:	ABC Dry Powder Fire Extinguisher (2kg)	Certificate No:	AFSE-2026-89421
Capacity / Agent:	2.0 kg / Mono Ammonium Phosphate (MAP 50%)	Date of Test:	October 06, 2026
Fire Ratings:	1A : 21B : C	Batch / Lot No:	LOT-2026-ABC-09

2. Technical Specifications & Test Results

Test Parameters	Specified Requirement	Observed Value	Status
Hydrostatic Test Pressure (Cylinder)	35 Bar for 30 sec	35 Bar (No Leakage/Deformation)	PASSED
Burst Pressure	≥ 55 Bar	62 Bar	PASSED
Working Pressure (at 27°C)	15 Bar	15 Bar	PASSED
Apparent Charge Weight	2.0 kg ± 0.06 kg	2.02 kg	PASSED
Effective Discharge Time	≥ 9 seconds	11.5 seconds	PASSED
Bulk Discharge Percentage	≥ 85%	94.2%	PASSED
Operating Temperature Range	-30°C to +60°C	Complies	PASSED

3. Declaration of Conformity

We hereby certify that the 2kg ABC Dry Powder Fire Extinguisher batch mentioned above has been sampled, tested, and inspected in accordance with strict corporate quality protocols and international performance criteria. The pressure vessel, valve mechanism, and chemical agent content comply fully with safety regulations for Class A, Class B, Class C, and live electrical fire execution.
